

**A little cathedral magic**

## Concert & Corporate Productions

Seven years ago husband and wife team, Camille and Tim Bradsmith were inspired to capture and dazzle the concert and corporate market of Perth, providing professional lighting and production for events and performances. Today, Concert & Corporate Productions have reached many milestones including servicing the annual Leeuwin Estate concerts, *Big Day Out* festivals, U2, Michael Jackson, Silverchair, Placido Domingo, Joe Cocker, *Rally Australia* plus numerous international and national touring acts, corporate shows and tertiary school events.

Recently they have diversified their services to include architectural lighting design and installation. Examples of their handy-work can be seen on one of our city's landmarks, the Burswood – where they fixed the colour-changing lights to the

exterior of the building – and the Perth Concert Hall which has been glammed up with exterior lighting. And it's so easy, if you're a building owner looking for that classy touch, just give Camille and Tim a call and they'll help you out.

No matter what size your business, building or event is, Concert & Corporate Productions have the experience and the know-how to make even the most challenging surroundings look like a million bucks.

**To turn your vision into reality contact the professional staff at Concert & Corporate Productions at 15-17 Old Aberdeen Place, West Perth or call (08) 9328 9504, click on [www.ccpwa.com](http://www.ccpwa.com) or email [ccp@ccpwa.com](mailto:ccp@ccpwa.com)(.)**
